Nanette Lepore uses Pantone Bright Chartreuse. As the season transitions from the heat of summer, this yellow-green pays homage to a typical spring shade, creating a bridge into the cooling days of fall. Reminiscent of bright green foliage, it provides a perfect accent to even the palest colour in the palette.

Vincent Agor

Lela Rose uses Pantone French Roast, plus Olympian Blue and Honey Gold. Rich and robust, this is a tasty, sophisticated hue that is a great alternative to the black and charcoal basics typically worn in the fall.
